WORK LIFE AS WE KNOW IT HAS CHANGED...

WE REMAIN COMMITTED TO SUPPORTING YOU

St Andrew's First Aid is a charity that has been working for over 140 years to deliver training that makes workplaces safer and healthier for everyone.

Workplaces and attitudes have changed a great deal during this time, and we've changed too. A wide range of our training courses now offer alternative learning styles, giving your organisation and employees the flexibility and freedom they need to thrive in a new hybrid world of working. Our blended and non-consecutive options make lifesaving training more accessible than ever. We are now also advocating that mental health First Aid is deemed just as important as it's vital we take care of the whole employee and not just the physical problems at hand.

A PARTNERSHIP THAT DELIVERS ON ALL YOUR NEEDS

It's your legal obligation to ensure that all First Aid needs are met with the appropriate training.

FIRST AID AT WORK – 3 DAYS

This course provides a comprehensive set of practical skills needed by First Aiders in most workplaces and is designed for people who want to receive our most thorough First Aid training.

EMERGENCY FIRST AID AT WORK – 1 DAY

This course is suitable for low-risk workplaces in smaller working environments, such as offices and will give candidates the confidence to deal with the most common emergencies.

FIRST AID AT WORK REQUALIFICATION – 2 DAYS

This course is for those with a valid First Aid at Work qualification that wish to requalify for a further three years. Also offered as blended combining online learning with face to face training.

ANNUAL UPDATE – HALF DAY

The Health and Safety Executive (HSE) strongly recommends that First Aiders undertake annual refresher training to maintain their basic skills and prevent any skills fade.

MENTAL HEALTH IS JUST AS IMPORTANT AS PHYSICAL HEALTH

LEADING FIRST AID FOR MENTAL HEALTH – 2 DAYS

Our most comprehensive mental health course teaches candidates to be workplace Mental Health First Aiders, who will be able to recognise the signs and symptoms of common workplace mental health issues and know how to effectively guide a person towards the right mental health support.

FIRST AID FOR MENTAL HEALTH – 1 DAY

This course expands on the First Aid for Mental Health Action Plan and covers ways in which a positive mental health culture can be supported within a workplace, covering a range of related subjects.

FIRST AID FOR MENTAL HEALTH ANNUAL REFRESHER – HALF DAY

This course has been designed to refresh skills and knowledge and to stay up to date with current events. We recommend that mental health First Aiders undertake annual refresher training during any three year certification period.

AND THERE'S STILL SO MUCH MORE WE HAVE TO OFFER...

FIRE MARSHAL – HALF DAY

Fire safety is a legal requirement in workplaces. You will learn about preventing fires and about the different types of fire extinguisher and how to use them correctly.

USING A DEFIBRILLATOR INCLUDING CPR – HALF DAY

A cardiac arrest can happen anytime, anywhere and to anyone. You will learn how to use a defibrillator and how to do CPR – part of the chain of survival.

PAEDIATRIC FIRST AID – 2 DAYS

Designed for people who are required to be First Aiders within a childcare setting, for example schools, nurseries, after school clubs and childminders. Also offered as blended combining online learning with face to face training.

MOVING AND HANDLING PRINCIPLES – HALF DAY

Essential support for all employees who manually handle objects, sit at a keyboard or stand in tiring positions. These are the main activities that cause work-related musculoskeletal disorders, such as back and joint pain.

TRAINING ON CUSTOMER PREMISES

DO SEVERAL OF YOUR EMPLOYEES REQUIRE THE SAME TRAINING?

If so, our qualified trainers can come to your premises and deliver.

There are various benefits to having your First Aid training carried out on-site including choosing when you want your training to take place, no more travel costs plus the training can be tailored to your own working environment.

REQUIREMENTS FOR ON PREMISES TRAINING

- The training room should be private and free from outside distraction
- There should be enough floor space for practical First Aid work involving kneeling or lying on the floor
- The training room must be adequately lit and ventilated and have access to toilet facilities
- The training room must have comfortable seating for candidates and facilities for writing notes

ACCOUNT MANAGEMENT PROGRAMME

You need a partner that knows the workplace regulations inside out, understands your business and can put together a bespoke package that meets all your needs and satisfies your duty of care and your legal obligations.

Who better to trust with the safety of your workplaces and the wellbeing of your employees than St Andrew's First Aid.

BENEFITS OF ACCOUNT MANAGEMENT PROGRAMME

- Dedicated account management
- Named point of contact, direct phone number and a personal email address to contact whenever you need
- Booking and training course reports
- Effective cost control with bespoke pricing
- The highest quality supplies delivered to your door

PARTNERSHIP THAT GIVES YOU ABSOLUTE CONFIDENCE

Our customers consistently tell us that the quality of our training, and the professionalism of our trainers, is outstanding.

Our trainers are qualified to the very highest standards.

We pride ourselves on delivering engaging, practical training that will give your employees the skills and, importantly, the confidence to put what they've learned into action so that they can be the difference between life and death.

WE ARE RATED EXCELLENT ON TRUSTPILOT!

Here's a snapshot of what people are saying about us:

"Excellent course delivered by a knowledgeable trainer in a fun and engaging way. This course covered all necessary aspects of First Aid and I left with confidence to practice if necessary. Would highly recommend."

"I learned so much on my 2-day mental health course and it really opened my eyes. I would recommend for anyone to do this course with St Andrews First Aid".

"Great experience, the course was very informative and had the right mix between theoretical and practical sessions. Our instructor was brilliant too!"

"The trainer was excellent. Clear and concise without skipping anything important while ensuring everyone was comfortable and clear on the information provided".

WORKPLACE SUPPLIES THAT COULD SAVE A LIFE

The Health and Safety (First Aid) Regulations 1981 require employers to provide adequate and appropriate equipment, facilities and personnel to ensure their employees receive immediate attention if they are injured or taken ill at work.

ST ANDREW'S FIRST AID

WE SAVE LIVES

As Scotland's only dedicated First Aid charity our mission is to provide everyone in the country with the highest standards in First Aid skills, services and volunteering opportunities. We believe that no-one should suffer or die because they needed First Aid and didn't get it.

By booking training courses or purchasing First Aid supplies through our social enterprise, you are supporting one of Scotland's longest established charities as all profits are donated to the charity.

COMMUNITY ENGAGEMENT

Our volunteers deliver donation-based First Aid talks and demonstrations for community groups.

VOLUNTEER WITH US

Our volunteers attend a wide range of public events where their skills, knowledge and experience may be required to help someone and may even save their life.

SUPPORT US

We rely on fundraising and donations to enable our volunteers to be equipped to go out and give vital First Aid help and education to communities within Scotland.
